***Associate CLCs are centers with their own computers that Dnet helps to set up at cost, and use the CLP curriculum and instructional materials.**

Change in Education Landscape

- ❖ Computer education now included in Bangladesh national education curriculum
- ❖ BD Government has undertaken programs to supply computers and multi-media teaching tool (projector) to schools
 - ❖ *Maintenance support yet to be addressed fully*
- ❖ Technology diffusion through mobile, laptop and devices is taking hold even in rural areas
 - ❖ *Internet extremely slow*

CLP Solution:

Resolves above issues and make education easy and enjoyable

New use of CLCs

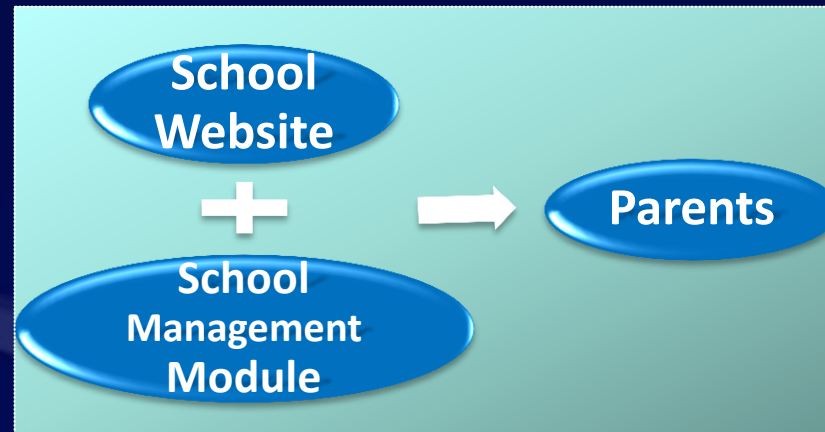

Many CLCs are holding computer classes (per the NCTB courses) in the CLC lab allowing the students receive practical exposure to computers; ~180,000 students were benefitted from the CLC labs in last year

New Innovations

- ❖ **Connecting- parents-to-school (mobile devices)**

- ❖ **Education through entertainment (EE)**

What is EE

Using Smart Class Room in entertaining environment

- Use open source content
- Structured participatory discussion

Deliver co-curricular education :

- Broaden knowledge base
- Environmental consciousness
- Social consciousness
- Teamwork
- Communication skills

Currently being piloted in 5 locations
